

Covid Vaccinations

- You can use this service if you're: Aged 18 or over
- Aged 17 and within 3 months of your 18th birthday

You have to be registered with a GP surgery in England to use this service.

We urge everyone eligible who has not yet had their first vaccine to book on the national booking system or by calling 119.

You can also book an appointment at Walthamstow Central Library directly by calling 0203 196 3239, [click here for directions and maps to the Walthamstow Centrall Library](#)

You can book an appointment at a community pop up clinic or at Leytonstone Library, or make general vaccine enquiries by calling 0208 496 3000

You can book an appointment at Chingford Leisure Centre, Westfield or at a pharmacy site on the national booking system or by calling 119

If you have had your first vaccine, please make sure you have your second vaccine to ensure maximum protection

If you have specific concerns about taking the vaccine and would like to talk to a health professional please contact your GP

There is comprehensive information, guidance, and answers to questions, including vaccination information for frontline health and social care staff, carers and clinical vulnerable at COVID-19 Vaccination programme | East London Health & Care Partnership

Covid Vaccinations for anyone aged 16 and over

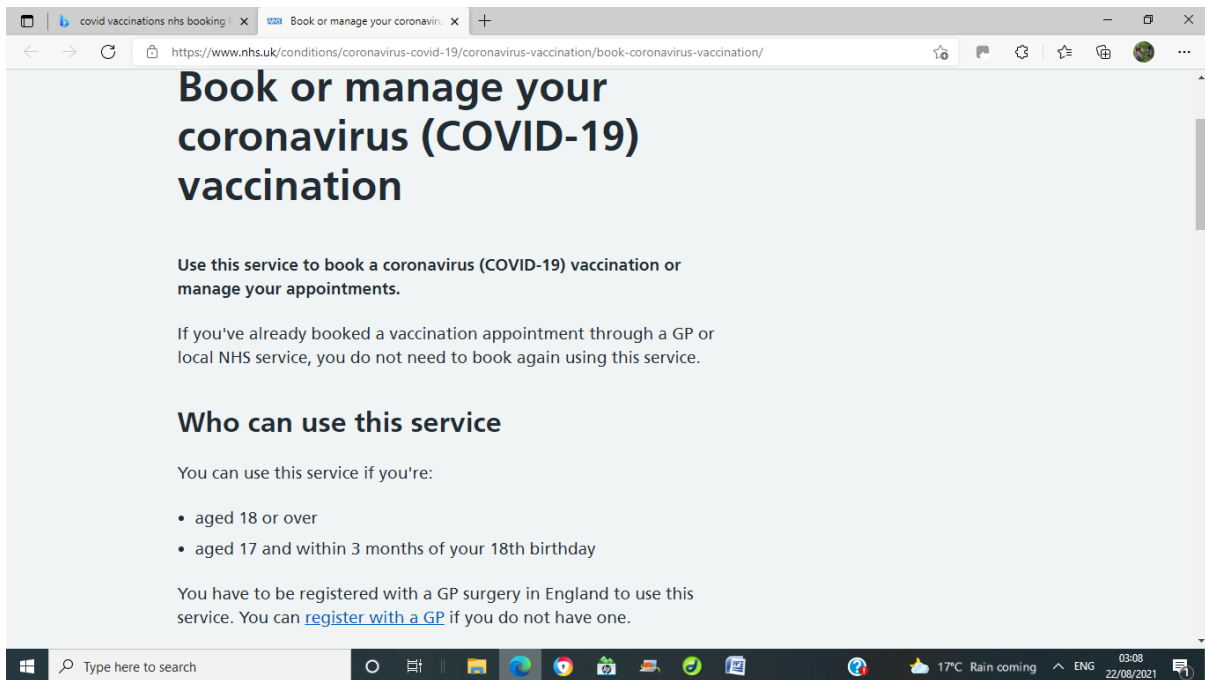

Covid-19 vaccines for anyone aged 16 and over. People aged 16 to 17 can now get a Covid-19 vaccine by walking into certain vaccination centres listed here without an appointment. No need to book, they can just turn up and get their Pfizer vaccine – they can also use the "Grab-a-Jab" finder.

More of our vaccination centres across north east London will start giving jabs to 16 to 17-year-olds soon – see the NEL HCP website for the latest information. They do not need to come with their parent/guardian but are asked to bring proof of age. NHS England is also writing to all 16 and 17 year olds inviting them for a vaccine.

Covid Vaccinations for anyone aged 12 - 15 years

The Joint Committee on Vaccination and Immunisation (JCVI) has advised that children aged 12-15 should be offered a Covid-19 vaccination if they have specific underlying health conditions that put them at risk of serious illness or if they are household contacts of adults or children who are immunosuppressed.

Those eligible will soon receive a letter from their GP or specialist clinician inviting them for their vaccine and giving details of how they can book an appointment.

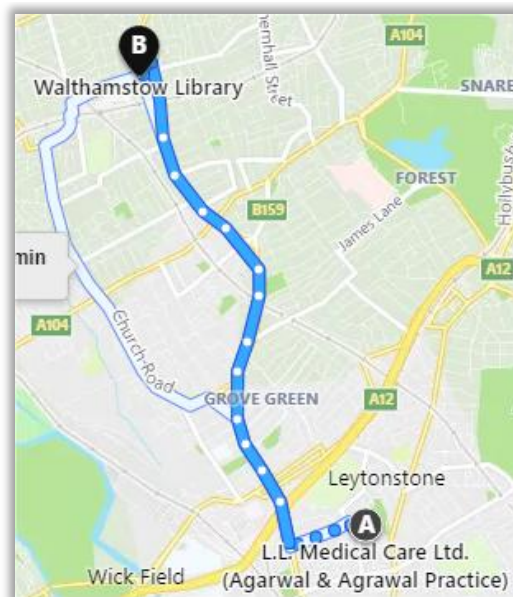

We are sending out patients to the Covid-19 vaccination hub at;

- Walthamstow Library, Central Library High Street, London E17 7JN
